ROHS, EN 71-3,
etc.

Dear Purchasing Manager,

We have the pleasure to present you this mail and know that you are interested with buying **recycled HDPE or PP pellets/granules.**

We believe you will be satisfied with our products if you are searching for a reliable supplier in this field. We are professional recycled plastic pellets manufactures and exporters in Taichung, **Taiwan**, and has established in this industry over 20 years, especially pelletizing HDPE and PP.

The huge brand of recycled plastic pellets has been successfully established and highly recognized in domestic market as well as abroad. You will never regret to cooperate with us because we are one of the largest and consistent manufacturers in Taiwan with the superior R&D technique, high quality control, quick delivery, customized service.

We have developed a variety of uses recycled plastic materials, namely, blowing molding grade, injection grade, extrusion grade, etc. The application of our products would be manufacturing variable pipes grade, boxes, containers, pallets, special parts or covers of object, wood plastic composite(WPC), etc. We emphasized environmental friendly standard, especially qualified with SGS and ROHS standard. All the specifications of products could be issued and discussed before purchasing order.

Your orders are always warmly welcomed, it is our commitment to satisfy your requirement, please trust we will be your reliable business partner for your good reputation, good quality and competitive price! Please visit our website to have a further understanding about the full range of our products.

Thanks for your valuable time to read this letter, we assure you a long-term & mutual beneficial business relationship will be established if you could kindly give us feedback along with the details of your needs.

Your reply will be greatly appreciated.

Yours Faithfully,

Jamie Tsai
